When installing springs, pay attention to tables of „Adjustment of springs“.

- 1) Valid for vehicles with additional special equipment (refer to „Adjustment of front springs“).
- 2) 1st version.
- 3) 2nd version.
- 4) 3rd version.
- 5) For vehicles with diagonal swing axle without starting torque compensation (USA) only.
- 6) Valid for (USA) 1974.
- 7) Standard version (for comfortable driving).  
For sports-style driving, harder front springs can be subsequently installed:  
for 114 321 05 04 — 115 321 30 04  
for 114 321 09 04 — 114 321 06 04
- 8) Standard version (for comfortable driving).
- 9) Harder version (for sports-style driving).  
Subsequent installation only.
- 10) Starting October 1978 only shock absorbers made by Bilstein are valid for rear axle. Starting January 1980.  
also part No. 126 326 09 00 made by F & S and part No. 126 326 06 00 made by Bilstein.
- 11) 4th version with 24 mm piston rod dia. (starting January 1980).
- 12) Shock absorber with separating piston.

Model	Front spring Part No.	Shock absorber front Designation Part No.	Rear spring Part No.	Shock absorber or spring strut rear Designation Part No.
-------	--------------------------	---	-------------------------	---

**Standard suspension** (vehicles starting March 1980) – **without** level control on rear axle
